

rAlnmaker Lite Licence Agreement

Last updated: September 2026

1. Who this agreement is with

These terms are between you and skillfAlre, a business operated by Matthew Vass, of 456 Devizes Road, Salisbury, Wiltshire, SP2 9LX, United Kingdom ("skillfAlre", "we", "us"). By downloading or using rAlnmaker Lite, you agree to be bound by this Licence Agreement.

2. What you're getting

rAlnmaker Lite is a digital file (a Claude Skill) that you install into your own Claude account, free of charge. It's a feature-limited version of rAlnmaker: it doesn't expire on a timer, but it doesn't include the full paid feature set either. What's included is described on the rAlnmaker Lite product page at skillfaire.com/rainmaker.html. You are not buying anything, and you are not entering a subscription; you are being granted a free licence on the terms below.

3. Your licence

3.1 What it covers We grant you a personal, non-exclusive, non-transferable, free licence to download and use rAlnmaker Lite on one Claude account, for as long as you keep it installed. This licence doesn't expire after a set period, but the features it covers are limited to what's described on the product page, and we can change what Lite includes at any time.

3.2 One licence, one Claude account Each licence covers a single Claude account. If you want to run rAlnmaker Lite on a second account, you need a separate licence for each one, obtained the same free way.

3.3 What you can't do Your licence doesn't allow you to:

- share, publish, resell, rent, sublicense, or otherwise redistribute the skill files, in whole or in part, to anyone else. This doesn't restrict skillfAlre publishing the same files itself through another official channel, for example a public code repository for developer platforms such as Claude Code or the Agent SDK, and that publication doesn't give you any extra right to redistribute the files yourself;
- install or use the skill on more Claude accounts than you have licences for;
- use the skill on behalf of, or to provide a service to, a third party, unless you have a licence for each account it's used on;
- remove or alter any copyright or attribution notices in the skill files;
- copy, extract, or repurpose the underlying instructions, playbooks, or prompts to build or train a competing product, or to reconstruct the full paid version of rAlnmaker;
- reverse-engineer the skill beyond what UK law allows you to do despite this restriction.

3.4 If a licence is misused If we reasonably believe a licence is being shared, redistributed, or run on more accounts than permitted, we can suspend or end that licence, and refuse future access to the accounts or people involved. We'll normally contact you first to sort it out.

4. No fee

rAlnmaker Lite is provided free of charge. Nothing in this agreement obliges you to pay us anything, and nothing here creates a right to a refund, since no payment is made.

5. Upgrading to rAlnmaker

If you want the full feature set, you can buy a rAlnmaker licence at skillfaire.com/rainmaker.html, which is covered by its own, separate licence agreement.

6. Ownership

skillfAlre owns the rAlnmaker Lite skill files, including the playbooks, prompts, and any documentation, and nothing in these terms transfers that ownership to you. Anything you put into the skill while using it, your own deal notes, transcripts, and messages, remains yours.

7. No professional advice

rAlnmaker Lite is a coaching aid. It generates suggestions based on what you tell it, not guarantees, and it isn't professional, legal, or financial advice. Decisions you make in your sales process, including anything the skill suggests, are your responsibility.

8. Liability

Because rAlnmaker Lite is provided free of charge, our liability to you for any loss arising from it is limited to £20. This doesn't limit liability for things the law doesn't allow us to limit, such as death or personal injury caused by our negligence, or fraud.

9. Ending this agreement

You can stop using rAlnmaker Lite at any time by deleting it from your Claude account. We can end your free licence at any time, for any reason, including if you breach section 3.3, generally without needing to give notice, since no payment has been made.

10. Changes to this agreement

We may update this agreement, or change what rAlnmaker Lite includes, at any time. If we make a material change, we'll update the date at the top of this document and the equivalent terms page at skillfaire.com/terms. Continuing to use rAlnmaker Lite after an update means you accept the new terms.

11. Governing law

This agreement is governed by the law of England and Wales, and any dispute will be handled by the courts of England and Wales. If you're a consumer living elsewhere in the UK, you may also be able to bring a claim in your local courts.
